TEACHER: Mary Kovatch - Mrs. Kovatch is an ISD High School English teacher
WHEN: 7 Tuesdays, 6:30 p.m. to 8:00 p.m., beginning on February 20th
WHERE: ISD Alumni Hall, Room 103
FEE: $37.00 (write checks to "ISD Continuing Education")
CONTACT: Mrs. Kovatch or Donna Harris, ext. 153 to register

Mark your calendars -

On Thursday March 8th, Ed Castor will be on Campus. He is Indiana's New Reader of the Year, a member of the Indiana ADult Literacy Coalition, and President Bush's 9th "Point of Light." Ed will go to the White House - again - this month.

Ed tells an emotional story about his life as a non-reader and his efforts to learn to read. He works in a factory in Anderson and owns a farm.

It's important for our students to see that illiteracy isn't a Deaf problem; it's a national crisis with 27 million illiterates in this country. Twenty-five percent of Americans don't complete high school!

Ed will speak to middle school students and staff at approximately 9:50 a.m., in the auditorium. Then, will move on to Judy Reynold's classroom in high school at approximately 10:45 a.m.

From the Cafeteria,

This year's Athletic Banquet will be held on Friday, May 18, 1990, in Brown Cafeteria. Because of this event, no special food requests (campouts, field trips, or picnics) will be taken for this weekend by Brown Cafeteria. A limited number of food requests will be accepted by Willard Cafeteria on a first-come/first-serve basis.

The National Theatre of the Deaf presents THE ODYSSEY on Wednesday, February 21st at 8:00 p.m. in the Loeb Playhouse, Stewart Center, Purdue University - Lafayette. *All performances are signed and spoken.*

Of Special Notice,

The Indiana Arts Commission (IAC) has installed a Telecommunications Device for the Deaf (TDD) at the commission's office to communicate directly with the deaf arts constituency by telephone. The TDD can be reached by calling 317/233-3001.

THE IAC's coordinator for special constituencies Rob MacPherson, or another member of the commission's staff will answer all TDD calls. "The TDD is one of the first, most visible results of the recommnedations from the Special Constituencies Round Table," MacPherson said. "The commission is also now using sign language interpreters at some of its meetings and is offering its publications in braille and large print for people with visual impairments."

The IAC is a state agency charged with enriching the cultural life of the State. Through grants, programs and services to artists and not-for-profit organizations, the commission's goal is to encourage development of the arts throughout the state and to provide opportunities for every Hoosier to experience the arts.

Vacancies As Of 02-08-90:

ISD *POTPOURRI:*

From the PRESCHOOL Department:

On Friday, February 16th, Lou Ott, Pam Gennett, and George Stailey classes will have a special lunch trip to McDonalds.

There will be a Valentines Party on the 14th, providing little cupids with all kinds of fun activities such as; mixing red food coloring with icing to make pink icing and placing it between graham crackers for a snack later, to the traditional exchange of Valentines. Groups of two classes will rotate activities in 15 minute intervals beginning at 8:30.

From the ELEMENTARY Department:

Students will be attending a skating party on Thursday, at the USA Rink located at Southern Plaza.

From the MIDDLE SCHOOL Department:

The "secret" cupids have still been appearing in the Middle School Department. Pam Haring has been seen hiding around corners playing "matchmaker."

There is a fundraiser going on in middle school. Brochures have been sent home. We encourage parents to support this program. Benefits will be used to buy classroom materials.

From the HIGH SCHOOL Department:

American History students have been studying the problems faced by the early settlers and the Indians by acting out an actual battle. Uncle Sam (Jerry Backus) intervened and forced the Indians onto reservations.

They have also been studying the period of child labor, before the dawn of the organized labor unions and laws established by the U.S. Government to protect children in the workplace.

Science students are anxiously awaiting the hatching of baby zebra finches which are due at any moment. The students have been watching the development of the embryos by holding the tiny eggs up to a light.

From the VOCATIONAL Department:

Vocational Education Week is being held this week. There will be tours of the department and an open house on Friday afternoon (16th) for all parents, teachers, and former ISD students. We are encouraging parents, teachers, and former ISD students to participate in displays of arts and crafts. For more information contact Chuck Walker, Vocational, Dept. 157.

WANTED: Old electrical appliances, supplies and materials such as; toasters, lamps (all kinds), irons, fans, door bells, cords/wires 110V), boxes, sockets, conduits, etc.

With the start of the second semester, we are adding a new course to the vocational curriculum. For the first time we will be offering a course in electricity to interested students (both boys and girls). Unfortunately, we have very limited funds with which to purchase needed supplies and materials. Therefore, we are asking (begging) for the above-mentioned items. We will greatly appreciate any and/all donations. Thank you!!

Note from the Editor: I would like to thank all departments for their input to the Bulletin. I encourage all faculty to write a brief note, stop by my office, or call me with news happening in your classrooms.

HAPPY VALENTINES DAY!!!
